EMPOWERING PEOPLE
SPRING 2024

THE BENEFACTOR

Shrouded in secrecy, they often lurk in the background of comic book storylines. The mysterious benefactor who donates funds to make sure that the important work can continue. But it's no mystery to us! Our world cannot go around without your financial help. Our donors give us what we need to keep our headquarters open, staffed, and fully equipped. Giving through us and not to us, your essential gifts turn into [life-saving necessities](#) in the hands of our staff and volunteers as they meet the needs of our clientele. A benefactor is one who provides an advantage, and what better advantage is there than hope?

.. SECRET IDENTITIES ..

The mild-mannered reporter by day, out saving the world and fighting supervillains by night. We're all familiar with how superheroes get through their day to day life, I mean who would want to go to the supermarket as Spiderman? So many people we know have a secret identity too, and those people are our volunteers. They're getting up and going about their daily lives, plus coming here and giving their time and talents to make the world a better place. Without these astonishing folks, this place and our programs wouldn't run. [There's nothing mild-mannered about that!](#)

.. OUR HEROES!!

Every day, we see them come through our doors: they're tired, they're bruised, they've been through battles. We offer food, we offer clothing, we offer warmth, but more than anything and in contrast to anywhere else, we offer hope. [When they walk into the Mission, we want to give them the chance to transform their lives.](#) We want them to go from simply existing to having a purpose. It's a tough road to walk, and it often involves slips, but we're so proud to watch people succeed at it every day. Each day they wake up and choose not to go back to their old lifestyle, they've won another battle. They're our superheroes.
